FOREWORD

Realizing that we can enjoy the magic days of high school no longer, we leave the 1964 Lion with the passage of years. You may look back upon this school year as the time when darkness of ignorance suddenly became bright with the gleam of knowledge.

OUR PRINCIPAL

To the members of the Class of 1964

Please accept my congratulations and sincere best wishes as you prepare to join the ranks of many loyal alumni of Perry's High School.

Such important elements of personal character as integrity, initiative, courage, and perseverance have been stressed continually during your stay here. CLASS HISTORY

The Senior class of 1964 started out four years ago in their steps toward graduation and eventual success.

Our first step toward a high school education begun in the fall of September, 1960, under the supervision of Mr. J. W. Levister and Mr. P. C. Dunston. We had an enrollment of seventy-nine students.

The second step, September, 1961, as sophomores, under the supervision of Miss E. Lawrence and Mr. J. W. Levister. We lost many of our classmates through transfers to different school and dropouts for various reasons. While others still continued to climb the hill of success with the "Top" as our goal.

The third step, September, 1962, as juniors, we were combined as one group under the supervision of Mr. J. W. Levister.

In the beginning the group was somewhat separated, because of individual difference, but through the effortless guidance supervision of Mr. J. W. Levister we begun to understand the situation, and was very proud in being combined as one group. As juniors, we were also looking forward to entertaining the seniors at our prom. Our theme was "Magic Moments." Everyone had a wonderful time.

The most sad situation about our class this year was our having only five boys to continue with us into our senior year.

The fourth and most exciting step was seniors, 1963-1964 with the continued supervision of Mr. J. W. Levister.

We had two boys to enroll with us, coming from neighboring school, now a total of seven boys to complete our senior year along with twenty-nine girls. But as we lost two girls. New total: twenty-seven.

We are very proud to be members of the largest class to graduate from Perry's High School.

CLASS PROPHECY

On May 12th 1974 Alma Arrington and Doreatha Copes decided to take a trip to New Jersey to visit Doreatha's sister. We boarded our plane at 12 o'clock in our home town, San Antonio, Texas.

When we arrived in New Jersey about 7 o'clock, we found my twin sister Tereatha Copes walking down Jefferson Avenue looking for a husband. She told me all the happenings about our graduating class of '64.

Camilla Edwards has become a famous star and was now starring in a picture, "Three Strikes You're Out." Gloria Massenburg and Bessie Harris are two of the leading characters.

Betty Jean Alston and Leslie Long are now living on their ranch in California, they have six children.

Minnie Pearl Person is now president of a Girls' Club in New York, she is accompanied by Sandra Durham vice-president.

Naomi Long is now a model in the Madam Lourve Place en Paris.

Mae Belle Joyner after divorcing her third husband, decided to settle down in Phili where she is now coaching girls' basketball at the Philadelphia Girls' Club.

Irene Watson is now working at The Johns Hopkins Hospital as a Registered Nurse.

Sadie Ann Williams has become a great singer in a famous night club on Pennsylvania Avenue in Baltimore, Maryland.

Peggy Jones has married and settled down as a housewife with four children.

Brenda Richardson and Rosa Perry are now living in a Hawaiian dance house. I understand that they can do the Hawaiian dance better than the Hawaiians themselves.

Alice Bunn and Clara Clanton have become the greatest women wrestlers in Washington.

Minnie Hedgepeth really got herself something. She has a very rich husband, two cars, two french poodles and everything a poor girl would want.

Charlie Mitchell and Richard Bagley now own their own Mechanic Company entitled "The M. B. Mechanic Company" working as their secretaries are Ruth L. Holden and India Williams.

Marjorie Alston and George Livington are now the world's greatest blue singers, their title is Marge and George.

Onnie Alston is now the head of the largest kindergarten in Norfolk, Virginia.

Thomas Richardson after his second unsuccessful marriage decided to settle down. He is now Superintendent of the P. & G. College in Blueboro, S. C. working as his faculty members are Patricia Edgerton and Willie Williams.

Vivian Livington has become the best hair stylist in New York City.

Arbena Livington and Shirley Davis are working as nurses in the Rex Hospital in Tennessee.

David Alston has become a famous lawyer in Minnesota who never lost a case.

As we were about aboard our plane for home. My sister told me the most shocking news of all, Richard Johnson was running for President of the U. S.

We were very contented to know that our class of '64 had been successful after all.

CLASS POEM

We have now come to the end of our camping days,
And our roads in the world we must take.
We will gladly recall all the friends we've cherished,
Here at camp on Perry's.

Here at camp on Dear Ole Perry's,
We studied, worked, and played,
While the hours were speeding onward,
Passing day by day.

When we have don a days work,
And is now at home to rest.
When the sun goes down at the end of the day,
We will then think of P. H. S.

This old camp has seen us struggle,
And our strength has just begun.
For when our victory here is won,
We will struggle on.
